ANKITA SONI

Analyst / Software Engineer

Bangalore, Karnataka | ankita.anku.soni@gmail.com | 8409368859

PROFESSIONAL SUMMARY

Detail-oriented and results-driven Software Engineer with hands-on experience in full-stack development, cloud technologies, and low-code automation. Proven ability to design scalable applications, optimize system performance, and deliver secure digital solutions. Skilled in .NET development, SQL optimization, Azure fundamentals, workflow automation, and cloud migration.

TECHNICAL SKILLS

- Languages & Frameworks: C, C++, C#, Core Java, .NET Framework, Python
- Web Technologies: HTML, CSS, Angular, JavaScript
- Cloud & DevOps: Azure (Fundamentals), Docker
- Databases: SQL, PL/SQL, Query Optimization
- Low-Code Platforms: Power Apps, Power Automate, Copilot Studio

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ- 900)
- Microsoft Certified: AI Fundamentals (AI- 900)
- Microsoft Certified: Power Platform Fundamentals (PL- 900)
- Google Cloud Digital Leader
- Microsoft Certified: Azure AI Engineer Associate

JOB EXPERIENCE

JOB ROLE – Full Stack Developer

Role: Full Stack Software Engineer
Company: Capgemini
Duration: 2022 – Present
Location: Bengaluru, Karnataka

Key Responsibilities

- **Designed, developed, and maintained end-to-end enterprise web applications using C# .NET Framework, Angular, and SQL Server**
- **Built RESTful APIs in .NET to support front-end Angular applications and third-party integrations**
- **Developed responsive UI components using Angular, JavaScript, HTML5, and CSS3**
- **Worked on ERP modules including inventory management, billing, and financial operations**
- **Optimized SQL queries, stored procedures, and database performance, improving data retrieval efficiency**
- **Collaborated with cross-functional teams to analyse business requirements and translate them into scalable technical solutions**
- **Implemented business process automation using Power Apps and Power Automate, reducing manual effort**
- **Developed automated approval workflows and compliance tracking systems**
- **Ensured application security, performance, and maintainability through code reviews, debugging, and best practices**
- **Provided support for production issues, performance tuning, and enhancements in enterprise environments**

Enterprise Resource Management System
Technologies: C#, .NET Framework, SQL, Angular

- Engineered a modular ERP application to streamline inventory, billing, and financial operations.
- Optimized SQL queries improving data retrieval performance by 30%.
- Built REST-based .NET APIs integrated with Angular front-end.

Business Process Automation – Power Apps & Power Automate
Technologies: Power Apps, Power Automate, SharePoint, Azure

- Architected onboarding automation solution reducing manual work by 40%.
- Developed workflows integrated with SharePoint and Azure AD.
- Implemented automated approval flows improving compliance tracking.

EDUCATION

MCA – Master of Computer Applications, Chandigarh Group of Colleges (2019–2021)
BCA – Bachelor of Computer Applications, S.M College (2013–2016)

The details provided above are accurate to the best of my understanding.
